ABOUT US

Bosele Consulting specializes in Quantity Surveying, Project Management and Construction Management services.

Our objective is to provide exceptional value-adding services of the highest quality. We are a fully Black-owned company established in 2012 with the primary goal of providing sustainable professional solutions through the use of technology, contemporary principles, and up-to-date methodologies. We maintain the highest levels of professionalism, ethics, and values in our work practices.

VISION

Our objective is to position ourselves as the industry's preeminent supplier of multi-disciplinary professional services related to the built environment. We are committed to providing our customers with services of the greatest possible quality, as well as the highest levels of professionalism and ethics.

MISSION

Our objective is to give our customers with high-quality, cutting-edge, and time-saving solutions that are congruent with their overarching goals pertaining to quality, cost, value for money, and the passage of time.

At Bosele Consulting, we believe in using the latest technology and software to ensure that our projects are completed efficiently and to the highest quality standards. We also believe in sustainability and always strive to minimize the environmental impact of our projects.

Our company has a proven track record of successfully completing a wide range of projects, including commercial, residential, and infrastructure projects. Our reputation for excellence has made us the go-to choice for many leading companies and organizations.

Our team of highly skilled professionals is dedicated to providing bespoke solutions that cater to the unique needs and requirements of each of our clients. We believe that quality is paramount and strive to ensure that each project we undertake is delivered to the highest possible standard.

OUR SERVICES

QUANTITY SURVEYORS

Our quantity surveying services include estimating and managing costs related to construction projects. Our team of experts provides detailed cost estimates and continually monitors project costs to ensure that the project is delivered within the budget.

PROJECT MANAGEMENT

We also offer project management services where we oversee the entire construction process, from planning to execution. Our project managers work closely with our clients to ensure that the project is completed on time, within budget, and to the required quality standards.

CONSTRUCTION MANAGEMENT

Aside from quantity surveying and project management, we offer services in construction project management. Our team possesses vast knowledge and expertise in overseeing every facet of a construction project, including procurement, quality control, health and safety, as well as environmental management.

OUR TEAM

At Bosele Consulting we take pride in offering a wide range of services to our clients, including Quantity Surveying, Project Management, and Construction Management. We understand that each of our clients has unique needs and requirements, and we work closely with them to develop bespoke solutions that are tailored to their specific circumstances.

Our team of highly skilled professionals has extensive experience in the construction industry, and we leverage this expertise to provide our clients with high-quality services. Whether it's Quantity Surveying, Project Management, or Construction Management, we strive to deliver solutions that are efficient, effective, and of the highest possible standard.
