ABOUT US

SureSafety, established in Tauranga, with the company roots go back to the mid-2000's, is a dynamic and forward-thinking educational institution dedicated to providing high-quality education, fostering innovation, and preparing learners for success in a rapidly changing world where knowledge and skill plays a critical role, especially when keeping employees at workplaces safe.

Founded on a strong commitment to excellence, passion for health and safety improvement, our institution is positioned to make a significant impact the health and safety by providing practical, tailored made training to your site, complying with Legislation and WorkSafe statement that "Training should be tailored and fit for purpose – it should NOT be a tick in the box exercise"

VISION

Forging a safer New Zealand by providing comprehensive and inclusive safety training solutions tailored to diverse workplace needs.

MISSION

To empower individuals and organisations across New Zealand with practical, high-quality training and development solutions that enhance skills to embrace a culture of safety with confidence and pride.

Objectives of our Training:

- Comply with the HSWA 2015 Health and Safety requirements for a PCBU Section 36
- Comply with WorkSafe Factsheet "Providing Information, Training, Instruction or Supervision for workers" where they state in the factsheet that "Training should be tailored and fit for purpose – it should NOT be a tick in the box exercise" Bring the training to your doorstep – This is a great way to get all your staff trained at your work place at one time.
- Making use of the machines, permits from your site during the refreshers training on the current unit standard content they hold evaluating competency.
- Create an added benefit of less time out due to no travel requirements for your team.
- On-site and in-house
- Cost effective.
- Time saving
- Because it is outcome/competency based it improve workplace participation especially due to literacy and numeracy disabilities.
- Creating a safer site specific workplace

Our mission is to deliver top-tier safety training solutions, constantly refining our methods and staying ahead of industry developments. By steadfastly adhering to these values, SureSafety aspires to effect meaningful change, ensuring safer environments, and driving progress towards a more secure future.

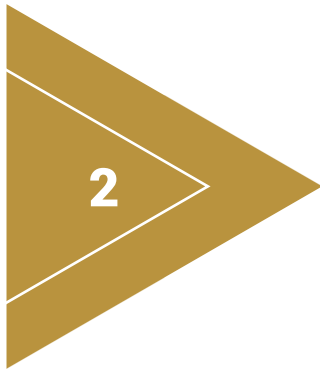

REVIEWS

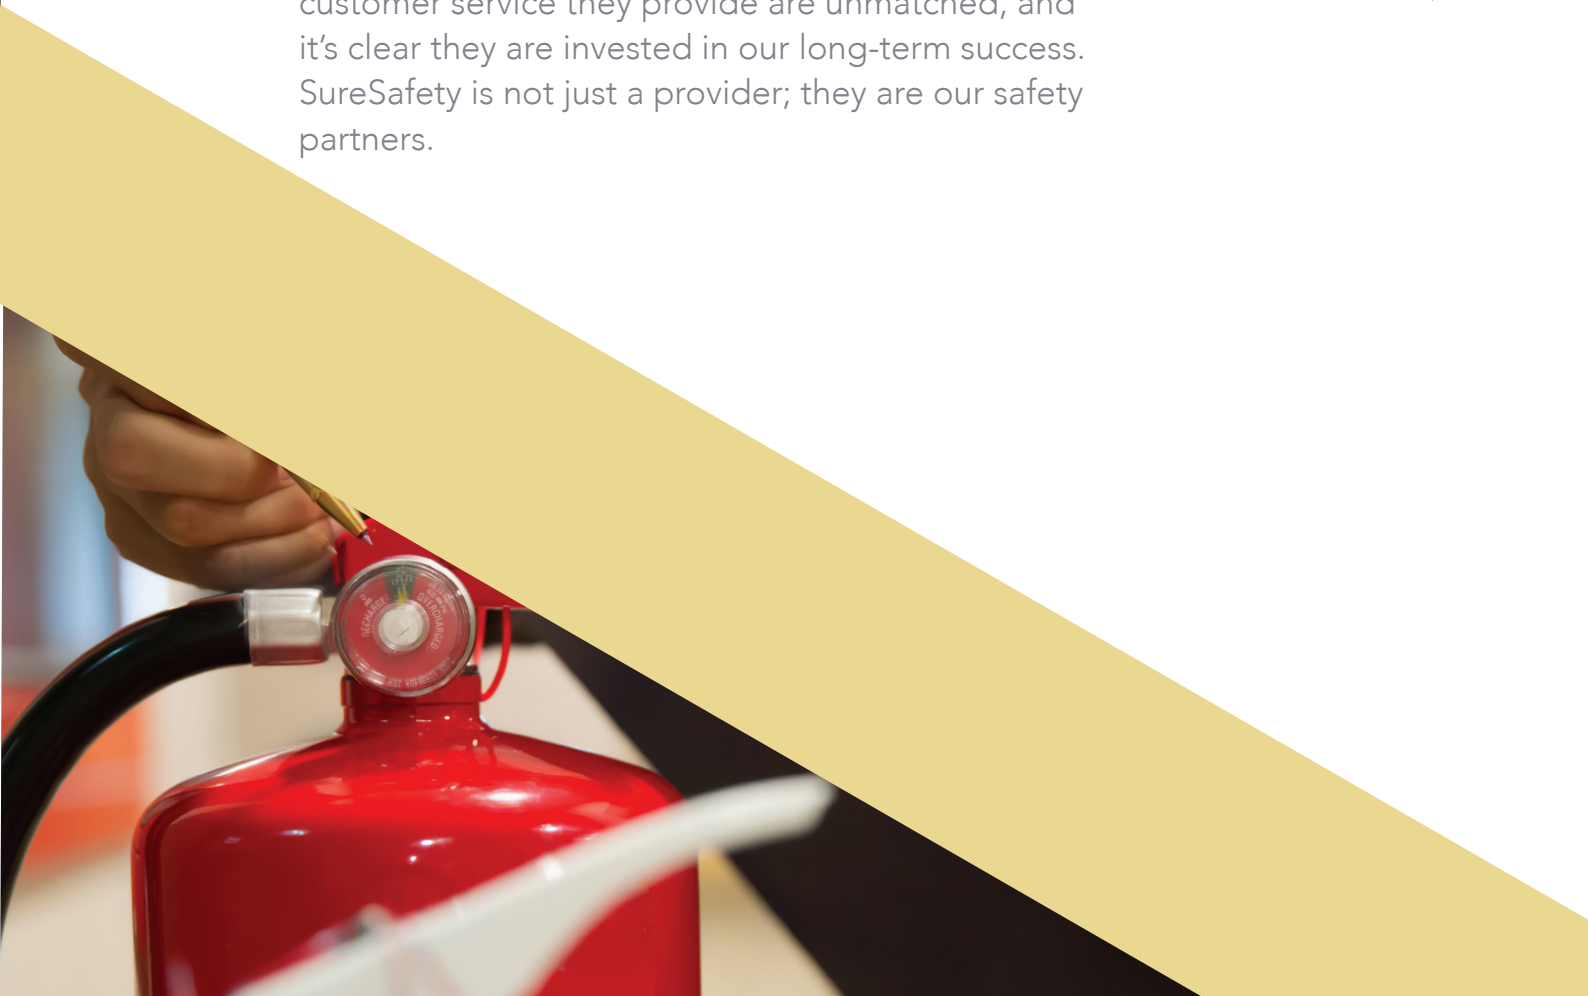

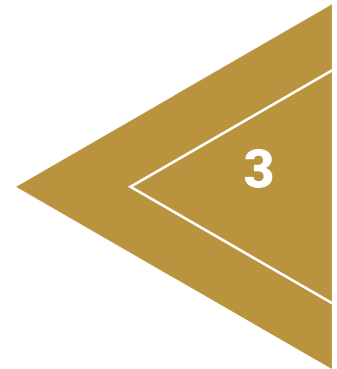

1

As a construction company facing the daily risks that come with the job, we found SureSafety's training to be an absolute game-changer. Their hands-on approach and engaging material made a noticeable difference in our team's safety practices. Since partnering with Sure-Safety, we've seen a marked decrease in incidents, and our team feels more confident and secure on-site. They truly deliver on their promise of excellence and innovation in safety training.

SureSafety's comprehensive safety training program was a breath of fresh air for our manufacturing facility. Their trainers are not only knowledgeable but also incredibly passionate about what they teach. They took the time to understand our specific needs and tailored their training accordingly, which made all the difference. Our staff walked away with practical skills and a renewed commitment to workplace safety. We are grateful for their unwavering commitment to integrity and quality.

I manage a busy logistics hub, and safety is always top of mind. We've cycled through various training providers, but none have matched the level of detail and expertise that SureSafety offers. Their innovative techniques and thorough understanding of real-world applications have empowered our employees to take proactive steps towards maintaining a safe working environment. The transparency and customer service they provide are unmatched, and it's clear they are invested in our long-term success. SureSafety is not just a provider; they are our safety partners.
